If someone who has the next pick does not make it within 24 hours of a pick, the next person in the draft order could pick. You would not lose your pick if you are skipped and could make your pick at anytime if you miss it, but we would continue on with the draft if someone misses a turn.

Each owner contributes \$1/week to the pot. An owner must put \$1 in the pot if he adds an additional player and cuts another player.

Owner with the most total points wins 2/3 of the pot. Owner with the second most total points wins 1/3 of the pot.

Disputes will be settled by majority vote of the owners. Rule changes will be made by majority vote of the owners.

Each owner is allowed to make "honest" mistakes without penalty.

Before the draft, each owner must reduce their roster to one QB, TE, K, DEF, 2 RBs and 3 WRs or less. The draft order is based on the owner with the fewest players going first etc. If owners have the same number of players on their roster, the draft order is based on the reverse order of last year's standings.

The league has five injury reserve (IR) positions per team. Only players that cannot play due to Covid-19 issues may be placed on IR. Players that are not playing due to Covid-19 issues cannot be picked up and placed on IR.
