AMERICAN LEGION POST 472
"Serving the Community Since 1933"

The American Legion was founded under the principals of the 4 pillars. These pillars include Veteran Affairs & Rehabilitation, National Security, Americanism and Children & Youth. Post 472 strives to serve our veterans by following these principals and ensuring our veterans and families have support.

The number one goal of the Post 472 is to assist and educate our Veterans and educate our children. We aim to inform each veteran about benefits available from both; State and Federal levels. Additionally, our post through the efforts of the Auxiliary and the Sons of the American Legion (S.A.L.), ensures families and their children are assisted and supported through activities to help improve the lives of not only the veterans but their families.

Over the past 41 Years, American Legion Post 472 has awarded over \$129,500 from this tournament in college scholarships to Houston area students and other educational programs. Thank you for all your support and all donations are tax deductible to the extent of the law.
