

Silvers Eagles Golf Club: Funding/Payouts (Revised)

FLIGHTS

Each member pays \$20 before the start of play if there are four par three holes. If there are five par three holes each member pays \$21. Each non-member pays \$10 before the start of play. A non-member becomes a member after establishing a handicap with the club and playing annual dues. Club collects \$1 for each member that plays.

If a player's first shot is closest to the hole on a par 3 green and he shoots par or less, he receives \$1 for each player in flight (members and non-members) participating

For par 3 holes that no one wins, the payout is distributed to the golfers that were closest to the pin the same day. Once the money is distributed for the par 3 holes, the remaining funds are distributed per below:
