

Silvers Eagles Golf Club: Funding/Payouts (Revised March 2024)

Each member pays \$25 before the start of play if there are four par three holes (or \$ 26 if there are five par three holes). Each non-member pays \$11 before the start of play (or \$12 if there are 5 par 3 holes). A non-member becomes a member after establishing a handicap with the club and paying annual dues. The club collects at least \$2 for each member that plays.

If a player's first shot is closest to the hole on a par 3 green and he shoots par or less, he receives a payout based on the number of players in the flight (members and non-members) participating. For par 3 holes that no one wins, the payout is distributed to the golfers that won the remaining par threes.

No. Players	SILVER EAGLES HANDICAP PAYOUTS						Sums of Hcp Payouts	Sum \$12/ person
